

SALUTE TO PHYSICIANS

TENET FLORIDA PHYSICIAN SERVICES, HIALEAH

Werner Andrade, MD, FASMBS

Dr. Werner Andrade is known for his compassion when discussing body mass index in adults who face health issues tied to morbid obesity. Dr. Andrade and his devoted office staff at Tenet Florida Physician Services (TFPS) in Hialeah assist patients in losing weight and changing their diets before scheduling a bariatric surgery. Patients describe Dr. Andrade's demeanor as pleasant, gentle and comforting during a time when patients can be scared at the thought of surgery. In his TFPS office, Dr. Andrade takes the time to explain the different types of bariatric surgeries he performs including gastric bypass and gastric sleeve. A dedicated and highly-experienced surgeon, Dr. Andrade also specializes in general surgery and minimally invasive laparoscopic surgeries including hernia repairs, robotic surgery, laparo-endoscopic single site surgery and gastrointestinal interventional endoscopy. Dr. Andrade is a member of the Nicaraguan American Medical Association. He is bilingual in English and Spanish. Dr. Andrade has been practicing medicine since 2001 and is on-staff at Hialeah Hospital and Coral Gables Hospital in Miami.
